EXPERIENCE

Full-Stack AI Developer

June 2024 - Present

NovaSoft

- During the development of AI-based web platforms, led the integration of server-side applications using Node.js to enhance functionality and performance.
- Collaborated with front-end developers to seamlessly integrate user-facing elements with server-side logic, ensuring a cohesive user experience.
- Wrote reusable, testable, and efficient code, adhering to best practices and maintaining high code quality standards.
- Participated in code reviews, providing constructive feedback to maintain code quality and foster team collaboration.
- Troubleshoot and debugged applications, resolving issues promptly to ensure optimal performance.

Web Development Intern

June 2023 - August 2023

Appalo

- Designed responsive web interfaces with React.js, enhancing user engagement and accessibility.
- Implemented dynamic UI components using JavaScript and jQuery, improving interactivity and user experience.
- Optimized UX through improved layout and design, contributing to a more intuitive interface.
- Added animations and interactive elements to enhance user engagement.

PROJECTS

Agent Dispatch

<https://agent-dispatch.com>

- Developed a scalable architecture for AI agents using RAG and OpenAI, enhancing user capabilities in generating AI solutions.
- Integrated Next.js and FastAPI for a seamless user experience.

Auto Talent App

<https://app.autotalent.co>

- Created an AI-generated resume builder with LinkedIn scraper, streamlining the job application process for users.

Interview Buddy

- Developed a Chrome extension that listens to interviewers and suggests AI-generated answers, improving interview preparation for users.
- Utilized Whisper and ChatGPT along with Chrome APIs for real-time assistance.

EDUCATION

FAST NUCES BS Computer Science	2021 - 2025 (In Progress)
